

RABINDRANATH TAGORE UNIVERSITY (RNTU), BHOPAL

Comprehensive Institutional Knowledge Base for a
Retrieval-Augmented Generation (RAG) Chatbot

Location: Mendua, Post Bhojpur, Bhopal–Chiklod Road, District Raisen, Madhya Pradesh, India

Research & retrieval date: 13 September 2026

Document version: 1.0 (initial compilation)

Purpose: This document is a source-grounded reference corpus describing RNTU's identity, history, leadership, accreditation, academic programmes (with a deep focus on AI, ML and Data Science), admissions, placements, research, campus life, and student support. It is intended as ingestion material for a RAG chatbot and is built primarily from RNTU's own official website (rntu.ac.in) supplemented by regulatory and secondary sources.

Important note on scope: This is a good-faith compilation from publicly available web sources, not a verified extract from UGC/AICTE/NAAC databases. Marketing language from the university's own site is flagged as such rather than presented as independently verified fact. Known conflicts between sources are catalogued on the Data Discrepancies page rather than silently resolved. See the RAG Metadata page for confidence levels and limitations.

University Overview

Field	Value
Full official name	Rabindranath Tagore University
Common abbreviation	RNTU
Former name	AISECT University
Establishment year	2010
Founding organisation	AISECT (All India Society for Electronics and Computer Technology) / AISECT Group of Universities
Type / ownership	Private (self-financed) state-private university
State private-university regulator	Madhya Pradesh Private Universities Regulatory Commission (MPPURC)
Location	Mendua village, Post Bhojpur, near Bangrasiya Chouraha, Bhopal–Chiklod Road, District Raisen, Madhya Pradesh, PIN 464993
Campus size	Reported as ~50–52 acres (figures vary slightly by source — see Data Discrepancies)
Official website	https://rntu.ac.in
Official email	info@rntu.ac.in
Official phone	0755-2700401 / 0755-2700447
Positioning (self-described)	"India's first skill-based private university" and flagship institution of the AISECT Group

Source(s): rntu.ac.in (home, About Us), Wikipedia — Rabindranath Tagore University, Bhopal — retrieved 13 September 2026.

RNTU is named after Rabindranath Tagore (1861–1941), the Bengali polymath and first Asian Nobel laureate (Literature, 1913). The university markets itself around a "skill-integrated, future-ready" model that layers mandatory skill-development courses onto conventional degree programmes, positioned as a differentiator from other private universities in central India.

Source(s): rntu.ac.in/about; Facebook — RNTU official page — retrieved 13 September 2026.

Researcher's note: "India's first skill-based university" and similar superlative claims are the university's own marketing language, repeated across its site and by affiliated media, and are not independently adjudicated in this document.

History & Institutional Timeline

Period	Milestone (as stated by RNTU / its communications)
2010	Established as AISECT University, Madhya Pradesh's first private university, by the AISECT Group under the state's private-university legislation.
2011	Department of Computer Science & Engineering established within the Faculty of Engineering & Technology.
2019	Atal Incubation Centre – RNTU (AIC-RNTU) launched with support from NITI Aayog to build an entrepreneurship ecosystem.
2019–2024	University reports being ranked among NIRF's top-200 institutions annually across a run of consecutive years — the exact count of consecutive years differs between RNTU's own pages (see Data Discrepancies).
2021	Tagore National School of Drama (TNSD) established — described by RNTU as the first drama school within a private university in central India.
Undated (name change)	University subsequently renamed from "AISECT University" to "Rabindranath Tagore University."
2024	AI/ML B.Tech and Data-Science B.Tech specialisations active within the CSE department; MoUs signed with Malla Reddy College of Engineering & Technology and the Centre for Research Industrial & Staff Performance.
2025	MoU signed with Samatrix.io to launch industry-aligned Data Science and AI/ML programmes; RNTU reported in Careers360's rankings of private engineering institutes.
2026	University reports 21 Centres of Excellence, 139 incubated startups (500+ supported) under AIC-RNTU, and continues annual NIRF/NAAC-linked communications (per site content retrieved in September 2026).

Source(s): rntu.ac.in (About, homepage, news archive); indiaeducationdiary.in (2024); Wikipedia — retrieved 13 September 2026.

Historical vs current: Entries above are dated to the year in which RNTU's own materials report them; none should be read as claims about the present state of any programme or ranking unless cross-checked against the relevant current-state page elsewhere in this document.

Vision, Mission, Core Values & Objectives

Official wording — Vision

"To be valued as [a] coveted center for nurturing talent, imparting skill-based quality education and promoting arts, research and innovation driven advancement of knowledge instrumental in building a progressive nation with [a] sustainable approach."

Official wording — Mission

- To foster a research-oriented culture in the university
- To support an entrepreneurial ecosystem across the nation
- To provide education through extensive and innovative use of technology
- To be recognised as a premium international university providing dedicated services for the social and economic development of the nation
- To forge collaborations with academic, social, and corporate bodies across the world
- To integrate various learning disciplines for the holistic development of society
- To disseminate the heritage of Indian art and culture at a global level

Official wording — Core Values

- **Service** — using talent and capability for the wellbeing of one's countrymen
- **Respect** — valuing every individual's unique contribution and diverse perspectives
- **Excellence** — striving consistently for exemplary, not merely satisfactory, outcomes
- **Integrity** — coherence between thought, word, and action in the nation's best interest
- **Honesty** — truthfulness and absence of lying, cheating, or theft
- **Innovation** — sparking intellect to take unbeaten paths and new methodologies
- **Hospitality** — welcoming new ideas and people with a positive spirit
- **Freedom of thought and expression** — within the framework of the Indian Constitution

Official wording — University Objectives

- Provide instruction, teaching and training in higher education; make provision for research, advancement and dissemination of knowledge
- Create higher levels of intellectual ability
- Establish state-of-the-art facilities for education, training and examinations, including online training
- Carry out teaching and research; offer continuing-education programmes
- Create centres of excellence for research and development and for sharing knowledge and its application
- Provide consultancy to industry and public organisations

Source(s): rntu.ac.in/about/mission-and-vision — retrieved 13 September 2026.

Researcher's summary: Read together, RNTU's stated identity centres on three recurring threads — (1) skill-based, employability-oriented education layered on conventional degrees, (2) an entrepreneurship/incubation agenda tied to its Atal Incubation Centre, and (3) promotion of Indian art, language and cultural heritage (Vishwarang festival, Tagore-themed centres). This is a paraphrase for navigability, not a substitute for the verbatim wording above.

University Leadership

As of: 13 September 2026 (per rntu.ac.in/about/leadership)

Position	Person	Source	Verified date
Chancellor	Mr. Santosh Kumar Choubey	rntu.ac.in/about/leadership	13 September 2026
Pro-Chancellor	Dr. Aditi Chaturvedi	rntu.ac.in/about/leadership	13 September 2026
Vice-Chancellor	Prof. (Dr.) R. P. Dubey	rntu.ac.in/about/leadership	13 September 2026
Pro-Vice-Chancellor	Dr. Sanjeev Kumar Gupta	rntu.ac.in/about/leadership	13 September 2026
Registrar	Dr. Sangeeta Jauhari	rntu.ac.in/about/leadership	13 September 2026

Source(s): rntu.ac.in/about/leadership — retrieved 13 September 2026.

Wikipedia's infobox (last major revision visible at retrieval time) also lists Prof. (Dr.) R. P. Dubey as Vice-Chancellor and Mr. Santosh Choubey as Chancellor, which is consistent with the official leadership page above.

Note for a RAG system: Leadership pages are among the fastest-changing facts on any university site. This table should be re-scraped and re-verified at least once per academic term rather than treated as permanently current.

Governance Structure

RNTU operates as a self-financed private university under Madhya Pradesh state legislation and is governed by the **Madhya Pradesh Private Universities Regulatory Commission (MPPURC)**, the state body overseeing private universities in MP. Academic and administrative governance publicly documented on the university's site includes the following bodies and functions:

- **Internal Quality Assurance Cell (IQAC)** — quality-assurance function, publicly linked from the site navigation (rntu.ac.in/iqac)
- **Academic Council** — referenced via a published "Academic Council MoM and SWAYAM Nodal Officer Notification"
- **University Research Committee, Research Advisory Committee, Research Advisory Council, Research Ethics Committee** — each has a published notification PDF on the Research section of the site
- **Core Research Group (CRG)** — described as "a novel initiative" funding faculty/student research projects
- **National Ragging Prevention Programme / Anti-Ragging Committee** and a separate **Anti-Discrimination Cell**
- **Students Activity Council (SAC)** — coordinates student cultural/co-curricular activity

Source(s): rntu.ac.in (navigation: Academics, Research, Committees, About) — retrieved 13 September 2026.

Public Self-Disclosure: RNTU maintains a dedicated "Public Self Disclosure" and "Mandatory Disclosures" section, plus NCC/NSS details pages, as required of Indian universities under UGC norms. This document does not reproduce those disclosure documents verbatim; a production RAG pipeline should ingest them directly as primary-source PDFs rather than relying on this summary.

Source(s): rntu.ac.in/public-self-disclosure; rntu.ac.in/mandatory-disclosures — retrieved 13 September 2026.

UGC Recognition & Statutory Approvals

As of: 13 September 2026 (per rntu.ac.in home page "Accreditation and Affiliation" panel)

RNTU states that it is **recognised under Section 2(f) of the UGC Act** and is a member of the Association of Indian Universities (AIU) and the Association of Commonwealth Universities (ACU). Programme-level approvals reported by the university are summarised below; these are approvals for specific disciplines, not a blanket university-wide accreditation, and should not be read as implying every RNTU programme carries every listed approval.

Programme / Area	Regulatory Body	Status	Source
Engineering & Management	AICTE	Current (site-listed)	rntu.ac.in home page
Teacher education (B.Ed. etc.)	NCTE (National Council for Teacher Education)	Current (site-listed)	rntu.ac.in home page
Law	BCI (Bar Council of India)	Current (site-listed)	rntu.ac.in home page
Pharmacy	PCI (Pharmacy Council of India)	Current (site-listed)	rntu.ac.in home page
Agriculture	ICAR (Indian Council of Agricultural Research)	Current (site-listed)	rntu.ac.in home page
Nursing	INC (Indian Nursing Council) / MP Nurses Registration Council	Current (site-listed)	rntu.ac.in home page
Paramedical sciences	Madhya Pradesh Paramedical Council (MPPC)	Current (site-listed)	rntu.ac.in home page
University-level regulator (state)	MPPURC (Madhya Pradesh Private Universities Regulatory Commission)	Current (site-listed)	rntu.ac.in home page

Source(s): rntu.ac.in (home page accreditation panel, About Us) — retrieved 13 September 2026.

Not independently verified against regulator portals: This table reflects what RNTU's own site claims. It has not been cross-checked here against AICTE's, PCI's, ICAR's, INC's, or BCI's own public approval databases, which is the recommended next step before treating any single approval as authoritative for prospective-student decisions.

NAAC Accreditation, NIRF Presence & Independent Rankings

NAAC accreditation — data discrepancy

RNTU's own site (as retrieved) states the university is "NAAC accredited" but the pages fetched for this report do not display a specific letter grade or CGPA score. Secondary sources disagree on the grade:

Reported value	Source(s)	Retrieved
Grade B (accredited 2017, per source)	collegedunia.com; collegedekho.com; selectyouruniversity.com; collegebatch.com	13 September 2026
Grade A	validcollege.com	13 September 2026
Grade not specified — "NAAC accredited" only	rntu.ac.in (home, About Us)	13 September 2026

The majority of independent education-portal sources converge on Grade B, but none of these is NAAC's own database, and RNTU's own site does not confirm a letter grade in the pages retrieved. **The RAG system should not assert a specific NAAC grade for RNTU without a direct check against NAAC's official accredited-institutions database (naac.gov.in).**

NIRF ranking presence — data discrepancy

Reported value	Source	Retrieved
"Featured in NIRF rankings for seven consecutive years"	rntu.ac.in home page	13 September 2026
"Ranked among top-200 universities by NIRF for six consecutive years (2019–2024)"	rntu.ac.in/about	13 September 2026
"NIRF Ranked for Four Consecutive Years among top-200 Universities"	rntu.ac.in/admission (as indexed)	13 September 2026
Ranked 201–300 band by NIRF; 70th by Times of India for B.Tech (2025)	collegedunia.com	13 September 2026

RNTU's own pages disagree with each other on the count of consecutive NIRF-listed years (four, six, and seven all appear across different official pages retrieved on the same day), and a third-party aggregator places the university in the 201–300 overall band rather than describing a specific rank. **Treat the exact consecutive-year count and NIRF band as unresolved** pending a direct check of nirf.gov.in's published rankings for RNTU's specific category and year.

Independent / media rankings cited by RNTU

Year	Ranking body	Reported outcome
2025	The Week	#21 among Private & Deemed Multi-Disciplinary Universities (India) / #1 Private University in Madhya Pradesh (per rntu.ac.in)
2025	India Today	#46 among Top General (Private) Universities in India / #2 in Madhya Pradesh (per rntu.ac.in)
2024	Careers360	"AAAA" rating
2024	Outlook India	#1 in Madhya Pradesh (per rntu.ac.in)
2026 (May)	Careers360	Listed among best private institutes in engineering in India (per RNTU news item, 17 May)

Source(s): rntu.ac.in/about; rntu.ac.in home page; collegedunia.com; collegebatch.com — retrieved 13 September 2026.

These are third-party media rankings as reported by RNTU itself; none were independently cross-checked against the ranking publisher's own site for this document.

Awards & Institutional Achievements

Year	Award
2024	7th BW Education Award — University of the Year
2024	India Education Award — University of the Year
2024	India's Most Inspiring Education Leader (Academic Insights Education Excellence Awards, Bangalore)
2025	The Best Skill Educator Award — Vistaar News
2023	Excellence in Education Award — Competition Success Review (CSR) magazine
2023	Leading University of the Year — Business World Education
2020	ZEE MP & CG Education Excellence Award — Excellence in Placement & Infrastructure / Infrastructure (Agriculture & Engineering)
2019	Madhya Pradesh Gaurav Samman Award
2019	Education Excellence Award
2018	ASSOCHAM India Excellence in Education, Training & Development Award
2018	Sushiksha Award
2018	World Education Summit Award
2017	ASSOCHAM National Education Excellence Award — Best Innovation and Skill Development
2015–2017	World Education Awards, Dubai (multiple years)
2012	Shiksha Ratna Award

Source(s): rntu.ac.in (home page "Awards" gallery; About Us "Major Awards" list) — retrieved 13 September 2026.

All entries above are self-reported by RNTU via its own award-gallery and About page; none carry an independent citation from the awarding body's own announcement in the sources gathered for this document.

Faculties & Schools

Faculty / School	Departments / Programme areas (as listed)	Official page
Engineering & Technology	Computer Science & Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Civil Engineering, Mechanical Engineering	rntu.ac.in/academics/engineering-technology
Computer Science and Application	BCA/MCA-type programmes (separate from the Engineering CSE department)	rntu.ac.in/academics/computer-science-and-application
Agriculture	B.Sc./M.Sc. Agriculture and allied programmes	rntu.ac.in/academics/faculty-of-agriculture
Science	B.Sc./M.Sc. across science disciplines	rntu.ac.in/academics/science
Commerce	B.Com/M.Com	rntu.ac.in/academics/commerce
Management	BBA/MBA including a "GlobalEdge MBA" track	rntu.ac.in/academics/management
Law	BA LLB, LLB, LLM, PG Diploma in Law	rntu.ac.in/academics/law
Education	B.Ed. and related teacher-education programmes	rntu.ac.in/academics/education
Humanities & Liberal Arts	BA/MA, Journalism & Mass Communication, Social Work, Library Science, Tagore National School of Drama	rntu.ac.in/academics/humanities-and-liberal-arts
Medical Sciences	Nursing, Paramedical Sciences, Physiotherapy, Public Health (per Wikipedia programme listing)	rntu.ac.in/academics/faculty-of-medical-sciences
B.Voc / M.Voc	Vocational bachelor's/master's programmes	rntu.ac.in/academics/faculty-of-bachelor-of-vocational

Source(s): rntu.ac.in (main navigation "Academics"); Wikipedia — programme table — retrieved 13 September 2026.

Course-count claims vary sharply by source and by year: RNTU's own 2024 press communication cites "117 courses," a 2026-dated aggregator cites "153 courses," and another cites "34 programs across 14 streams." These figures are not reconciled here; treat any specific course count as time-stamped to its source rather than as a stable fact.

Department of Computer Science & Engineering

As of: 13 September 2026

The CSE department sits within the Faculty of Engineering & Technology and was established in 2011. RNTU describes it as covering programming languages, data structures, algorithms, operating systems, computer networks, databases and software engineering, with an explicit emphasis on industry collaboration for curriculum currency. The department's stated library holds "more than 20,000 books," including material on robotics, AI, data science and cyber security.

Programme	Level	Notes
B.Tech in Computer Science & Engineering	UG	General CSE track
B.Tech in Computer Science Engineering (AI/ML)	UG	See dedicated AI/ML deep-dive pages
B.Tech in Computer Science Engineering (Data Science)	UG	Data Science specialisation
B.Tech (CSE) (Data Science) with Samatrix.io	UG	Industry co-branded track with Samatrix.io (MoU reported 2025/2026)
B.Tech (CSE) (Full Stack Web Development) with L&T	UG	Industry co-branded track with Larsen & Toubro
B.Tech AIML with Samatrix	UG	A second, separately listed Samatrix-branded AI/ML track
M.Tech in Computer Science & Engineering	PG	Postgraduate CSE
PhD in Computer Science	Doctoral	Research programme

Source(s): rntu.ac.in/academics/dept-computer-science — retrieved 13 September 2026.

Note: the CSE department page lists both "B.Tech in Computer Science Engineering (AI/ML)" and a separately named "B.Tech AIML with Samatrix" as distinct catalogue entries; whether these are two genuinely separate admissions tracks or two listings of a related pathway is not resolved in the source material and should be confirmed directly with RNTU admissions before being stated as fact to a prospective student.

B.Tech in Computer Science Engineering (AI/ML) — Overview

Attribute	Detail
Degree / duration	B.Tech, 4 years (UG level)
Eligibility	12th standard with PCM (Physics, Chemistry, Mathematics), 45% aggregate (40% for SC/ST candidates); or a 3-year diploma in any stream
Admission route	AJEE (AISECT Joint Entrance Examination), JEE Main score, or merit in the qualifying examination — per university-wide admission process (see Admissions page)
Stated tools/technologies	Python, TensorFlow, cloud platforms (per programme overview); R and MATLAB (per curriculum "what you will study" section)
Key facilities cited	Central Artificial Intelligence Laboratory, Wi-Fi enabled smart campus, dedicated IoT and Advanced Research Lab, technology-integrated smart classrooms

Source(s): rntu.ac.in/courses/prog-be-in-computer-science-engineering-aiml — retrieved 13 September 2026.

Programme Overview (official wording, condensed)

RNTU describes the programme as combining core computer science with advanced AI/ML concepts, targeting real-world applications in healthcare, finance, agriculture and smart systems, with hands-on learning through projects and internships, and an explicit emphasis on ethical thinking and interdisciplinary collaboration.

Career outcomes cited by the university

- Robotics Engineer
- Business Intelligence Analyst with a focus on AI
- Data Scientist
- AI Business Analyst

Broader sectors named: software development, IT consulting, telecommunications, healthcare, finance, e-commerce.

Source(s): rntu.ac.in/courses/prog-be-in-computer-science-engineering-aiml — retrieved 13 September 2026.

B.Tech CSE (AI/ML) — Curriculum by Semester

Sem.	Subjects (as listed on the programme page)
1	Engineering Chemistry, Mathematics-I, Engineering Graphics, Basic Electrical Engineering, Basic Computer Engineering, Manufacturing Practices, Entrepreneurship Development
2	Engineering Physics, Mathematics-II, Basic Mechanical Engineering, Basic Civil & Engineering Mechanics, Communication Skills, Health/Hygiene/Yoga, Rural Outreach
3	Mathematics-III, Discrete Structures, Programming in Java, Object-Oriented Programming & Methodology, Data Structures, Computer Programming & Tools-I (HTML), Skill Electives-I
4	Mathematics & Statistics for Machine Learning, Advanced Computer Architecture, Analysis and Design of Algorithms, Python Programming, Operating Systems, Computer Programming and Tools, Skill Electives-II
5	Introduction to AI, Machine Learning, Database Management Systems, Software Engineering & Agile Methodologies, Web Programming Fundamentals, Unix and Shell Programming Lab, Skill Elective-III
6	Natural Language Processing, Deep Learning Fundamentals, High-End Programming (Elective), Computer Networking, Computer Vision & Image Processing, Report Writing using LaTeX, Skill Electives-IV
7	Robotics, Fundamentals of Cybersecurity, Cloud and Distributed Computing, Information Storage & Management, Professional Elective-I
8	Soft Computing, Reinforcement Learning, Professional Elective-II, Open Elective-II, Professional Elective-I

Source(s): rntu.ac.in/courses/prog-be-in-computer-science-engineering-aiml — retrieved 13 September 2026.

Only technologies and subjects explicitly named on the official curriculum page are listed above; no additional AI/ML tools have been added on the assumption that they are "commonly taught" elsewhere, per the fact-checking rule against inferring unstated content.

Programme outcomes (abbreviated)

RNTU publishes twelve Programme Outcomes (PO-1 through PO-12) modelled on standard Indian engineering-accreditation outcome language (engineering knowledge, problem analysis, design, investigation, modern tool usage, ethics, teamwork, communication, project management, life-long learning), three Programme-Specific Outcomes (PSO-1–3) on AI/ML algorithm design, autonomous/semi-autonomous intelligent systems, and ethical AI deployment, and five Programme Educational Objectives (PEO-1–5) on technical proficiency, real-world application, ethics, lifelong learning, and leadership/communication.

Source(s): rntu.ac.in/courses/prog-be-in-computer-science-engineering-aiml — retrieved 13 September 2026.

Related AI, Data Science & Computing Programmes and Infrastructure

Beyond the flagship AI/ML B.Tech, RNTU's CSE department and research wing list several adjacent programmes and a supporting research centre relevant to AI/ML/Data Science:

Programme / Centre	What is documented
B.Tech (CSE) Data Science — with Samatrix.io	Industry co-branded specialisation; MoU with Samatrix.io reported as signed to "launch industry-aligned programmes" (news item dated 14 Mar, year not fully disambiguated in the source snippet).
B.Tech AIML with Samatrix	Separately listed Samatrix-branded AI/ML track (see note on prior page re: possible overlap with the main AI/ML B.Tech).
B.Tech (CSE) Full Stack Web Development — with L&T	Industry co-branded track with Larsen & Toubro; adjacent to, not part of, the AI/ML curriculum, included here because it sits in the same department catalogue.
Center for IoT & Advanced Computing	One of RNTU's 21 Centres of Excellence (CORE); relevant to AI/ML through IoT-and-computing research, though the centre's specific project list was not retrieved for this document.
Atal Incubation Centre (AIC-RNTU)	NITI Aayog-supported incubator (est. 2019) reported to have incubated 139 startups and supported/accelerated 500+ overall; several student ventures referenced in the university's news feed involve AI-adjacent products, though this is not the same as a formal AI/ML degree pathway.

Source(s): rntu.ac.in/academics/dept-computer-science; rntu.ac.in (home page, About Us, Research/CORE navigation) — retrieved 13 September 2026.

Explicit gap: This document does not have verified curricula, eligibility, or outcome data for the Samatrix.io-branded or L&T-branded tracks, or for a dedicated Data Science-only B.Tech beyond its listing on the department page. A production RAG ingestion should fetch each programme's own detail page (in the same format as the AI/ML page above) before answering specific eligibility or curriculum questions about them.

Admissions (Current Cycle)

As of: 2026–27 admission cycle, per rntu.ac.in/admission as retrieved

Aspect	Detail
Entrance route	AJEE (AISECT Joint Entrance Examination) — RNTU's own national-level test; JEE Main score; or merit in the qualifying (10+2 / graduation) examination, depending on programme
Typical UG eligibility floor	10+2 with 45% aggregate generally cited (40% for SC/ST); PCM required for engineering programmes; discipline-specific subject requirements apply elsewhere (e.g., Biology for B.Sc. Nursing)
Application channel	Online via student.rntu.ac.in ; enquiry form at rntu.ac.in/enquiry-form ; downloadable admission form also available
Key documents	Brochure and Prospectus (2025-26 edition seen at retrieval time) published as downloadable PDFs on the Admission page
Scholarships	"Shiksha Mitra Scholarship Scheme" — merit-based, tied to Class 12 board performance, available to both UG and PG applicants; scholarship decisions described as first-come-first-served subject to seat availability, and final at the university's discretion (per collegedekho.com summary of RNTU's scheme)
Refund policy	Published separately as a "Payment/Refund Policy" document linked from the Admission page
International students	A dedicated international-student cell is reported by secondary sources; RNTU's own news feed shows an "International Students Orientation Programme – Batch 2026" (2 Sept 2026) and a graduation-day event for international students (4 Jul 2026)

Source(s): rntu.ac.in/admission; collegedekho.com; collegedunia.com; [rntu.ac.in news archive](https://rntu.ac.in/news) — retrieved 13 September 2026.

Fees — explicit gap: A specific, current fee schedule for the AI/ML B.Tech (or any other individual programme) was not retrieved in this research pass; RNTU's fee structure is typically published inside the downloadable Prospectus/Brochure PDFs rather than as page text, and third-party portals quote figures that were not cross-verified here. **Do not state a specific rupee fee figure for any RNTU programme without pulling it directly from the current Prospectus PDF.**

Training & Placement

Headline placement statistics — data discrepancy

Reported figures	Source	Retrieved
800+ companies in the placement network; 8,000+ students placed to date; highest package ■18 lakh	rntu.ac.in home page ("Placements" section)	13 September 2026
600+ companies participated in 2024/2025 drives; 7,000+ students placed; highest package ■18 LPA; median package ■5.85 LPA	collegedunia.com / selectyouruniversity.com	13 September 2026

The ■18 lakh highest-package figure is consistent across RNTU's own site and independent aggregators, but the number of recruiting companies and cumulative students placed differ by roughly 200 companies and 1,000 students between the official site and third-party portals — plausibly because the two figures are drawn from different reporting years. Treat the placed-student and recruiter counts as approximate and year-dependent rather than as a single fixed figure.

Named recruiters (as displayed on the official Placements panel)

RedVersity, Toyota, Wipro, TATA, Airtel, STAR, Deloitte, Reliance, Paytm, ICICI, Infosys, IndusInd, Edelweiss, CCD, Bajaj Finserv, Axis, American Express, Amazon, NIIT, ITC. A separate secondary source names Wipro, Genpact, ICDL, Accenture and Cipla as "top recruiters" for a more recent cycle.

Source(s): rntu.ac.in (home page recruiter logos); selectyouruniversity.com — retrieved 13 September 2026.

Placement infrastructure

- Dedicated Training & Placement (T&P) department with its own team page, MoUs list, T&P calendar, and recruiter/associate directory
- Industrial visits and expert lectures programme
- Executive/Management Development Programmes (e.g., "EDP/MDP 2024-25" brochure published)
- "Mega Open Job & Internship Fair 2026" held on campus (7 Aug 2026, per news archive)

Source(s): rntu.ac.in/placement and its sub-pages; rntu.ac.in news archive — retrieved 13 September 2026.

Research Output & the 21 Centres of Excellence (CORE)

RNTU's About page states its Centres of Excellence have collectively produced **2,000+ research papers and 410 published books**, with projects funded by bodies including DRDO, IIT Delhi, NCTU Taiwan, and the M.P. Biodiversity Board. The homepage separately advertises a running counter for "research papers and books published" without giving a fixed number in the static text captured here. The university lists **21 Centres of Excellence** on its homepage infographic, though a 2024-dated press release elsewhere states 17 — another instance of the count changing over time as new centres are added.

Centres listed in RNTU's site navigation (20 distinct names captured):

- Center for Women Entrepreneurship
- Advanced Materials Research Lab
- Center for Renewable Energy
- C. V. Raman Centre for Science Communication (CSC)
- Agriculture Research Center (ARC)
- Center for IoT & Advanced Computing
- Center for Advanced Water & Environmental Research
- Center for Skill Development (Pradhan Mantri Kaushal Kendra)
- Livelihood Resource Center
- Atal Incubation Center (AIC-RNTU)
- Santosh Choubey Center for Social Entrepreneurship
- Bahubhasha Anuvad Kendra
- Tagore Antar-rashtriya Hindia Kendra
- Tagore International Centre for Arts & Culture
- Sanskrit, Prachya Bhasha Evam Bhartiya Gyan Parampara Kendra
- Bhasha Shikshan Kendra
- Tagore Lok Kala Evam Sanskriti Kendra
- Tagore Kala Kendra
- Pravasi Bhartiya Sahitya Evam Sanskriti Shodh Kendra
- Vanmali Srijan Peeth

Source(s): rntu.ac.in (home page "Centers of Research Excellence" navigation and About Us page) — retrieved 13 September 2026.

Research governance & support documents (published, not reproduced here)

- Research Policy, Consultancy Policy, Ethics Policies, Resource Mobilisation Policies
- Grievance Redressal Policy for Research Scholars; Admission Policy (research)
- Faculty and Student Project-Proposal Guidelines; CRIG (Core Research/Innovation Group) bulletins
- In-house research periodicals: Anveshank, Anusandhan, Shodhaytan; a Granted Patents PDF listing four patents

Campus Infrastructure & Student Life

RNTU describes its campus as spanning roughly **50–52 acres** on the Bhopal–Chiklod Road outskirts of Bhopal (~15 km from the city, per Wikipedia), comprising 15 independent building blocks (per Wikipedia). Facilities listed in the site's "Life at RNTU" navigation include:

- Infrastructure, transportation (campus buses), and a residential hostel system (separate for men and women, per secondary sources)
- Central library, computer labs, language labs
- Cafeteria/canteen, guest house, medical facility, on-campus ATM
- Auditorium, gym, sports grounds (cricket, basketball, football; Wikipedia additionally lists hockey, kabaddi, volleyball, table tennis, kho kho)
- "Energy Park" and "Yuvaaz Radio" (campus radio station) called out as distinctive features on the homepage

Source(s): rntu.ac.in/student-campus and sub-pages; Wikipedia — retrieved 13 September 2026.

Student activities and culture

RNTU hosts **Vishwarang**, described as an annual international arts-and-culture festival reaching "50+ countries, 1,000 artists, 300,000+ participants, and 20 million global viewers" (these are the university's own reach figures, not independently verified). The Tagore National School of Drama (est. 2021) runs acting, directing, playwriting and stage-design training with live productions. NCC and NSS units are active, with cadets and volunteers regularly featured in the university's news feed (e.g., a Naval Wing officer leading MP-CG's contingent at the 2026 All-India Nau Sainik Camp).

Source(s): rntu.ac.in/about; [rntu.ac.in news archive](#) — retrieved 13 September 2026.

Student Support, Anti-Ragging & Grievance Redressal

- **National Ragging Prevention Programme / Anti-Ragging Committee** — dedicated page and a published anti-ragging helpline number, 1800-180-5522, prominently displayed as a homepage announcement
- **Anti-Discrimination Cell** — separate committee from the anti-ragging body
- **Grievance mechanism** — a "Lodge Grievance" portal link is in the primary site navigation (rntu.ac.in/lodge-grievance), alongside a link to the UGC's own e-Samadhan grievance portal
- **Student Support Services** and a **Students Activity Council (SAC)** — both listed under Student Facilities
- **NCC and NSS** — each has a dedicated public-self-disclosure detail page
- **Academic Calendar and Student Handbook** — both published as accessible pages/documents

Source(s): rntu.ac.in (site-wide navigation: Committees, Student Facilities, Public Self Disclosure) — retrieved 13 September 2026.

Coverage gap: The specific text of RNTU's anti-ragging policy, grievance-redressal timelines, and committee membership were not retrieved for this document; only the existence and access points for these mechanisms are confirmed here. A production ingestion pipeline should fetch the linked policy PDFs directly.

Data Discrepancies & Conflicting Information

Per this project's fact-checking rule, conflicting figures found across sources are catalogued here rather than silently merged or resolved. A production RAG system should surface the discrepancy (or the most recent/authoritative source) when a user asks about any of these figures, rather than asserting a single number with false confidence.

Data point	Source A	Source B	Source C
NAAC grade	Not stated on official pages retrieved	Grade B — several education portals (2017 accreditation cited by one)	Grade A — one portal (validcollege.com)
NIRF consecutive years listed	"Seven consecutive years" — rntu.ac.in home page	"Six consecutive years, 2019–2024" — rntu.ac.in/about	"Four consecutive years" — rntu.ac.in/admission (indexed copy)
NIRF band / rank	Not specified in official pages retrieved	201–300 band; #70 by Times of India for B.Tech (2025) — collegedunia.com	—
Total programmes/courses offered	"117 courses" — RNTU press release, 2024	"153 courses" — collegedunia.com (2026-dated)	"34 programs across 14 streams" — collegedekho.com
Campus size	"52-acre campus" — rntu.ac.in home page	"50-acre campus" — validcollege.com	"50 acres" — Wikipedia
Centres of Excellence count	"21 Centres of Excellence" — rntu.ac.in home page (2026)	"17 Centers of Excellence" — press release dated May 2024	—
Placement — companies / students placed	"800+ companies... 8,000+ students placed" — rntu.ac.in home page	"600+ companies... 7,000+ students placed" — collegedunia.com	—
Highest placement package	■18 lakh — rntu.ac.in home page	■18 LPA — selectyouruniversity.com (consistent)	—

Source(s): As individually cited in each row above; all retrieved 13 September 2026 — retrieved 13 September 2026.

Guidance for the RAG system: Where Source A is an official RNTU page, prefer it as the primary answer but disclose that other figures exist if the user asks for precision (e.g., exact NIRF standing) or if the question concerns something regulator-verifiable (e.g., NAAC grade). Never present a single number as "the" NAAC grade or NIRF rank without this caveat until it has been checked against naac.gov.in / nirf.gov.in directly.

This registry lists sources actually consulted in this research pass. It is not exhaustive of everything requested in the original research brief (e.g., direct NAAC/AICTE/UGC portal lookups, the full Prospectus PDF, individual faculty CVs, and department-by-department detail pages for faculties other than Engineering & Technology were not fetched). See the RAG Metadata page for a full statement of scope and limitations.

RAG Metadata, Versioning Notes & Limitations

Document metadata

Field	Value
Document title	RNTU Bhopal — Comprehensive Institutional Knowledge Base for RAG
Version	1.0 (initial compilation)
Research / retrieval date	13 September 2026
Academic year context	2025–26 / 2026–27 (mixed; individual facts are dated where possible)
Intended use	Source corpus for a Retrieval-Augmented Generation chatbot answering questions about RNTU
Primary source weighting	Official rntu.ac.in pages given priority; secondary education portals used only to corroborate or flag conflicts

Confidence levels (applied qualitatively throughout this document)

- **High** — stated verbatim on an official RNTU page with no conflicting secondary source found (e.g., Vision/Mission text, leadership names, AI/ML curriculum subject list)
- **Medium** — stated on an official page but only loosely corroborated, or corroborated with minor numeric variation (e.g., campus acreage, awards list)
- **Low / contested** — official and secondary sources disagree materially, or no official confirmation was found at all (e.g., NAAC letter grade, exact NIRF consecutive-year count, total programme count, fee amounts)

Known limitations of this compilation

- No direct lookup was performed against UGC, AICTE, NAAC, or NIRF's own official databases — all regulatory-approval and ranking claims trace back to RNTU's self-reporting or third-party education portals, not the regulators themselves.
- Departments and programme pages were fetched in depth only for Engineering & Technology / Computer Science & Engineering (per the research brief's AI/ML emphasis). Agriculture, Law, Management, Medical Sciences, Education, Commerce, Humanities and B.Voc/M.Voc faculties are covered only at the overview level from the main navigation, not their individual department pages.
- No fee schedule, semester-wise fee table, or scholarship percentage table was retrieved from a primary source (these live inside downloadable Prospectus/Brochure PDFs that were not opened in this pass).
- Faculty headcounts, named faculty CVs, library holdings beyond the CSE department's 20,000-book figure, and hostel capacity numbers were not found in the sources gathered.
- PhD entrance-exam specifics (subject list, exam pattern, cycle dates) were not retrieved beyond confirming that a "PhD Entrance Form" exists and a PhD in Computer Science is offered.
- This document reflects a single research pass on one date; RNTU updates its news, leadership, and accreditation pages regularly, so re-verification before long-term reliance is recommended, particularly for leadership names, rankings, and fee figures.

Recommended next steps for a production RAG pipeline

- Directly ingest RNTU's Prospectus and Brochure PDFs (linked from rntu.ac.in/admission) for authoritative fee and scholarship figures.
- Cross-check the NAAC grade against naac.gov.in and the NIRF standing against nirf.gov.in before answering regulator-specific questions with confidence.

- Fetch each remaining faculty's own landing page and department sub-pages (Agriculture, Law, Management, Medical Sciences, Education, Commerce, Humanities & Liberal Arts, B.Voc/M.Voc, Computer Science and Application) to reach the same depth achieved here for Engineering & Technology.
- Re-scrape the Leadership and Approvals & Recognitions pages on a recurring schedule, since these are the fields most likely to go stale first.
